Black Press Celebrating 146th Anniversary

By Vertist Edwards

Associate Editor,

During this week of March 10th through 17th, the owners of two hundred Black owned and operated newspapers and magazines throughout the nation are sponsors of BLACK PRESS WEEK in celebration of its 146th anniversary.

The objectives of the Black newspapers and magazines are to design and develop for the Black community the insight on issues pertinent to their area of responsibility. Citizens should use the media as an educational tool of communication, for improving conditions in the communities. "Communicate to Liberate." White America can gain and learn from the Black Press for its truthful presentation of matters.

It is exceptionally difficult at times for the Black publisher because of the high cost of printing, the shortage of trained talent, and the difficulty of securing substantial advertisers. The media, if operative, involves jobs for members of the minority community from the delivery persons to the managing editors.

The Black Press can only survive if supported by the people. This is your way to freedom.

Did you buy a Black newspaper or magazine this week?

Freedom of the press! Isn't that what America is all about?

CREDO OF THE BLACK PRESS

"The BLACK PRESS Believes that America can best lead the world away from racial and national antagonisms when it accords to every man, regardless of race, color or creed, his human and legal rights. Hating no man, fearing no man, THE BLACK PRESS strives to help every man in the firm belief that all are hurt as long as anyone is held back."

Please support your Black Media!

NAACP Membership Awards Program

Left to Right: Councilman Harold Moss and Ms. Rose Marie Johnson, NAACP Membership Chairperson and program coordinator look on while Vice-president Rev. L'Ray Scott presents trophy to Mrs. Ella Quins.

Mrs. Ella Quins of 2340 South "K" Street and a member of St. John Baptist Church, was the proud winner of the local chapter's first membership award.

The Awards Program held at Tacoma Community College's Little Theatre Sunday revealed a new dimension of the Tacoma NAACP Chapter. At the climax of a major membership campaign with the slogan "500 more in '74" the award was given to the person having recruited the largest number of new members during the 60 day membership drive.

Councilman Harold Moss presided while the Chapter paid tribute to Tacoma Communities and the Military Installations. Deputy Mayor, Dr. Arnold Herrman accepted the tribute on behalf of the Tacoma Communities.

The Rev. L'Ray Scott, NAACP vice-president presented the award to Mrs. Quins as well as presenting the initial tribute to the communities. The renown nineth (9th) Division Band from Fort Lewis played scores from "Porgy and Bess", "America the Beautiful" and Bach. The Rev. Norman Lawson of First United Methodist Church gave the Invocation. The Panelists, Major David Boyd, Tom Dixon and Phillip Miner spoke on the topic, "Future Aspirations, Obligations and Implementations". Cited for life memberships of $500 each were: The Ministeral Alliance, Matrons Women's Club, Caballeros Social Club, Town & Country Bridge Club, Zeta Omega (Omega Chapter of Alpha Kappa Alpha sorority), and the Uniques.

The NAACP Membership Chairperson, Ms. Rose Marie Johnson, who was also program coordinator, was very encouraged and sees members and friends of the Tacoma NAACP growing in appreciation for such cultural programs and expects it to be an annual affair. Our deepest thanks go to Ms. Johnson and the entire Membership Committee for many hours of work and dedication that resulted in the success of the first phase of our campaign. Other exciting and interesting things are on tap with the local bunch, and you'll be hearing about them in the near future. If you are not a member, now is the time to join. There is Youth Council, College Chapter and a Life Membership as well.

MEDITATION

No man can tell whether he is rich or poor by turning to his ledger. It is the heart that makes a man rich. He is rich according to what he is, not according to what he has.

One Day For Scouting

Saturday morning, March 16, 1974 is the day set aside for completion of the Tacoma Boy Scouts Substaining Membership Campaign.

Scouting is a volunteer organization and depends entirely on the community for support. This one day campaign is the chance for all scouters and friends of Scouting to support Scouting in our community. No donation is too small. We need your support.

COCKTAIL SIP FOR AFRICAN DROUGHT RELIEF

The Forum, a group of concerned citizens in Pierre County would like you to join them at The Land of the Giants for a swinging cocktail sip, March 23, 1974 from 7:00 p.m. until. Admission: $1.00 donation at the door. On hand to entertain you will be that dynamic soul group, "Ready Made Family." The purpose of this function is to raise money to assist the Pierce County African Drought Committee in their efforts to send financial aid to the six starving countries of Africa.

The West African drought and famine has most affected six Sahelian Countries, Mauritania, Mali, Upper Volta, Niger, Chad and Senegal. The combined population of these countries is 25 to 30 million people. They are among the poorest in all Africa, with a per capita income of $100. One million people have already died and there has been an enormous loss of cattle, camels, and sheep. The desert of the region has been encroaching at the rate of 30 miles per year. Normal rainfall in the area is between 4 and 12 inches annually. Much less has fallen in the last five years. The economies of the stricken coutries have been completely deccimated by the drought and the population is unable to support itself.

If you care about the problems facing these black people in Africa, come on out and join us in an afternoon of fun. If you feel you cannot attend but would like to make a donation, you may contact the following people:

Q-- Can a veteran's GI home loan entitlement be used to purchase a home in another country?

A--No. It may be used to buy or build a home only in the United States, its territories or possessions.

Q--I have applied for disability payments from Social Security, There is a five-month waiting period. When the five months are over, will I be paid retroactively for them?

A--No. The first payment will be for the sixth month of continuance disability only.

Q--Ten months ago I was issued a Service-Disabiled Veterans Insurance (RH) policy by the VA. Does this policy pay dividends?

A--Dividends are payable only on National Service Life Insurance and U.S. Government Life Insurance policies with "V" or "K" prefexed policy numbers.

Q--Is the amount of vocational rehabilitation a disabled veteran may get through the VA based upon his length of active service?

A--No. Length of training is determined by the time required to overcome the handicap and establish employability. It is limited to 48 months, unless VA determines a longer period is necessary.

Modelettes Need Uniforms

The Modelettes, a Model Neighborhood drill team, has been training to enter the Daffodil Parade, but unless they get some donations for uniforms they may not be able to participate.

The Modelettes is composed of Model Neighborhood girls who attend area elementary schools. In the past, the drill team has marched in the Daffodil Parade, but many of the girls have out-grown their uniforms and need new ones.

Anyone who would like to help buy uniforms for the Modelettes is encouraged to call Lucille Delaney at 593-4660. Mrs Delaney, a Model Cities advocate, and Frank Bennett, a Model Cities board member, work with the team.

THE POLITICIZER

by Lawanna Lee

The City Clerk for Tacoma City Government is appointed by the City Manager. His duties include: a) attendance at all meetings of the City Council and keep a permanent journal of its proceedings, b) record and certify all ordinances and resolutions, c) serve as custodian of the City Seal and Official City Records, d) prescribe and furnish sample forms for petitions provided for by this charter, e) serve as registrar of voters for the City, and f) perform such other duties as may be prescribed by the managerm state law, the City Charter, or by Ordinance.

The City Clerk may designate one clerk in his office as his deputy, who shall have the power and perform all the duties of the City Clerk in his absence. Appointments made by the City Clerk are subject to the approval of the City Manager.

The Tacoma City Government has many offices and positions. To survive in this complex society it is necessary for each citizen to know these offices and to understand the function of each. March 30, 1974 the Tacoma Urban League Citizen Education Project will host a one day workshop on "How to run for office in Tacoma-Pierce County". In this workshop we hope to point out some of the necessary procedures in running for office, to inform citizens on what can be done to help a disadvantage candidate running for office, and affect the successful participation of minority and disadvantaged persons in the elected and appointed political process. Please, plan on attending the workshop. For more information please phone 474-0501.

Next week please attend one of the following meetings.

County Commissioners, Monday & Tuesday March 18 & 19 at 10:00 am County City Bldg.

City Council Tuesday March 19, at 5:00 pm County City Bldg.

From MIRROR OF YOUR MIND
by John Conwell

Is a bachelor's freedom 'negotiable'?

No, not if he intends to use it as a bargaining point in giving in to marriage. If a bachelor prizes his freedom he had best either marry someone who can accept him as he is, or else he should abandon the idea entirely. Any man who thinks he can negotiate on any basis in a relationship so personal and subjective as love and marriage simply proves he has no conception of what it means to share life with a wife.

Fantastic Black Facts

by Rose Marie Johnson

The nation's racial problems appeared no nearer solution in 1969 than in previous years. In general, disorders were limited to small and medium-sized cities - - Forest City, Ark.; Hartford, Conn.; Fort Lauderdale, Fla.; Cairo, Ill.; and Tacoma, Wash.; among others.

There were few civil rights developments of national significance during the year. The most important was the unanimous Supreme Court decision of October 29 which held that school districts must end racial segregation "at once" and must "operate now and hereafter only unitary schools." The ruling which rejected the Nixon administration's appeal for delay in desegregating 30 Mississippi school districts, abandoned the Court's previous standard of allowing integration to proceed "with all deliberate speed". It was the first major decision delivered by the court under Chief Justice Burger.

The financial crisis of institutions of higher education became a salient issue in black-white relationships. Serious cutbacks might seriously effect the admission of blacks by "prestigious" private schools that had been conducting vigorous campaigns for recruitment of black students. Reviewing the year's developments in education the assertion was that a major thrust of incorporation into U.S. life at all levels was important to the stance of the Black Community. Most blacks seemed determined to "make it" within American society, rather than outside it or by revolutionary change of its basic institutions.

Legal Assistance Plans Open House

Pierce County Legal Assistance Foundation will hold an open house Friday 3-5:30pm in its new offices at 744 Market St.

Legal Assistance is the operating agency of the Model Cities Public Defender program. Public Defender provides legal counsel for poor people arrested and scheduled for trial in Tacoma Municipal Courts. The idea behind the program is to give people who cannot afford a lawyer a chance to be represented by a lawyer who has had a chance to investigate the case an and prepare a defense.

Model Neighborhood residents are encouraged to visit the offices of Public Defender and Legal Aid on Friday to find out more about the programs offered by Legal Assistance.

Regional Board Members Guest of Intenational Toastmistress#3

Regional board members will be special guests of the International Toastmistress Council Three meeting to be held Saturday, March 16, in the Rodeway Inn, Tacoma. Irene Laidley, regional supervisor, of Burnaby, British Columbia, and Luxy Wiart, regional treasurer, of Victoria, will present workshops during the all-day educational and idea exchanging event.

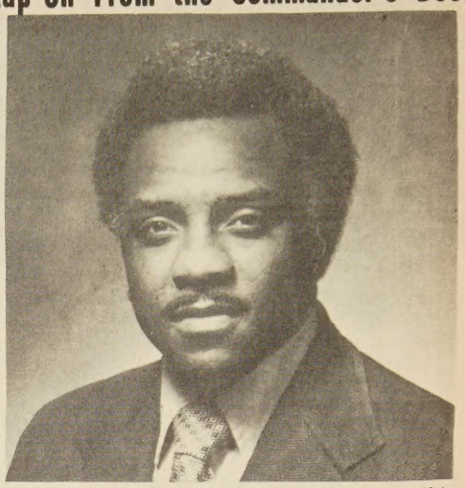
Also an honored guest will be Raynola Blackshear of Tacoma, who is the International vice-president of Northern Region. N. Bettye Clanton, Fort Lewis, Council Three chairman, will preside.

Other councils have been invited to join with members of Thurston and Pierce County Toastmestress Clubs in welcoming the Canadian officers. Registration and coffee social will begin at 9:30 am with the City of Destiny Club as hostess group.

Council and club treasurers will receive expert advice on details of their office, given by Mrs. Wiart. A workshop by Mrs. Laidley will deal with Toastmistresses themselves in relation to the opportunities offered by the unique program of Toastmistress training, so aptly described as learning by doing.

A no-host luncheon will be served at noon. The session is open to all interested women; membership is not necessary. Reservations may be made through club representatives or by telephoning Mrs. Natalie Powell at 582-9596. Club officers, committee chairmen and nominees for the 1974-75 year are urged to attend and may bring guests. Transportation should be pooled within each club.

Rap-On From the Commander's Desk



AMVETS Post #4 is off to a roaring start this year. The theme for '74 is Progress, Unity, and Leadership.

AMVETS Post #4 is only three years old and is predominantly minority. The membership is hoping to join forces with other community organizations "To Get It All Together."

There are many significant gains to be made in addressing the needs of vets and their dependents. Post #4 will be out in force to identify those needs.

Newly elected officers for 1974 are as follows: Charles Horne, commander; Ernest White, 1st vice commander; Alonzo Foote Sr., adjutant; Harold Bond, finance officer; Roger O. Lasky, project director.

There are additional positions that can be filled and we invite all vets to join our ranks and make post #4 an effective and functional post.

Commander Horne is a long time resident of Tacoma and resides with his wife Louise and family on East 61st. Horne has been actively involved in community action and development programs for the past 20 years. He is a graduate of the University of Puget Sound, with a BA in sociology and urban affairs, and is nearing completion of a masters in public administration. He is a member of St. John Baptist Church, Caballero's Club, Cassia Lodge, W.A.S.W. (Washington Association of Social Workers) and is presently employed as labor relations specialist with the Washington Economic Security test.

To start '74, Post #4 is sponsoring a scholarship and breakfast dance, Friday, March 15 at AMVETS Post at 38th and Union. Come on out and help us make this a gala affair.

Omega Psi Phi

By Delta Pi Chapter

Omega Psi Phi are more than Greek letters, they are a way of life. It is because they symbolized a philosophy for living. Omega men have throughout the history of the fraternity excelled in all facets of human endeavor.

This, the first of many articles spotlighting famous Omega Psi Phi men, will deal with one whose guidance and inspiration was instrumental in the establishment of this philsophy.

The first Omega man to be spotlighted and rightfully so, is the late Dr. Ernest Everett Just. Dr. Just joined the Howard University faculty as a biology instructor upon graduation from Dartmouth College, Magna Cum Laude in 1907. It was while at Howard University that Dr. Just agreed to be faculty advisor to three students in the college of liberal arts who had a desire to establish a fraternity based on four cardinal principles: Manhood, Scholarship, Uplift, and Preserveance." This fraternity was eventially named Omega Psi Phi.

Dr. Just mark of fame does not rest solely on his being an advisor to the first chapter. Upon receiving his P.H.D. from the University of Chicago, Dr. Just collaborated with some of the best scientist in America and produced a standard work on cytology. In 1915 he was honored by being the first recipiant of the NAACP's coveted "Spingarn Medal" for his achievements.

A member of the American Society of Naturalists, The Washington Academy of Sciences, the Sigm XI Scientific Society, La Societe Des Sciences Naturelles et Mathematiguos, and Fellow of the American Association for the Advancement of Science, he also won international recognition for his research in embryology.

In later years Dr. Just was awarded a Rosenwald grant for $80,000 per year for several years. This grant made it possible for him to be relieved of under-graduate teaching duties so that he could devote all his time to research and teaching of graduate students.

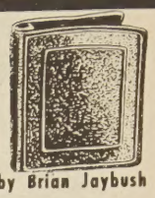
SPORTS SCENE

SPORTS RECORD BOOK

Of Basketball and Melancholy



by Brian Jaybush

Basketball is winding down again for another season; within a week or so only the professional dribblers will still be going at it, and even they'll be finished by May...which isn't so far off any more. For Seattleites, things have pretty well died down already: the Sonics were officially eliminated from the playoffs on Saturday, the same night the Huskies were beating the Cougars to finish fourth in the PAC-8.

And the Seattle U Chieftans didn't get an NIT berth after all. But Chief coach Bill O'Connor DID get named West Coast Athletic Conference Coach of the Year, and his star pupil Frank ("Magic") Oleynick DID get named Player of the Year in the WCAC, which I suppose is better than nothing.

The high school basketball seasons are ending, too; the class "A" and "B" playoffs finished up last Saturday, and the "AA" and "AAA" finals won't be far behind. (By way of passing, I note that my old Alma Mater, Issaquah, nailed down a playoff berth for the first time in its history--and immediately got paired against #1 Garfield. Oh, well....)

In Bellevue, the Seattle Sounders Soccer team is holding tryouts to see if there are any Americans who can hope to compete against the Europeans who populate the North American Soccer League. Lacking a Kyle Rote, Jr. (who recently won the All-Around Athlete title on ABC-TV), Coach John Best will probably have to pin his hopes on the imports.

The hockey season is dying, too, though few people in Seattle pay it any attention; after all, we don't have a NHL or WHA team yet, and the Totems--who we do have--forgot how to play hockey when their coach was exported to Vancouver, falling from first place to fifth and out of the playoffs. Here's hoping that the Sounders do better with their imports than the Totems with their exports.

And in the midst of it all, word comes down that the Chicago White Sox beat the Detroit Tigers, 9-8. Yes, Virginia, that's baseball.

No matter how you look at it, this was a busy week. Things ending and things beginning, Death and reincarnation, somebody once called it. A time of change.

All this--and I only had to wait 15 minutes for gas.

Weeks like this should happen more often.
